

Computer Technician Certificate in Computer Technology

Entrance Requirements:

Acceptable ASSET or COMPASS score

Type of Program:

Day, night or online

Type of Degree:

Certificate

- This program is designed to provide a solid set of personal computer skills that employers expect in their computer technicians. Every business uses computers and skilled technicians to support them. This program is designed to meet that need. The program provides a broad base of knowledge and competency in core hardware and operating system technologies including installation, configuration, diagnosing, preventive maintenance and basic networking. The course covered in this program will prepare students for the CompTIA A+ and Microsoft Certified Desktop Support Technician (MCDST) certification exams.
- This program requires a minimum grade of “C” in all courses.
- A competency test may be required to waive prerequisite CPT course where equivalent transfer credits or documented work experience do not exist.
