

Greenville Technical College Administrative Policies

Policy Name:	CMI Campus Tobacco Use Policy		Approved by President
Policy Number:	4-9-G101	Date Established:	8/9/2016
Date Revised:		Date Removed:	

Rationale and Purpose

Greenville Technical College recognizes the increasing evidence that smoke creates a danger to the health of some citizens, and is a cause of annoyance and discomfort to those who are in confined spaces where smoke is present. The Center for Manufacturing Innovation aspires to demonstrate a more sustainable and inviting environment reflective of advanced manufacturing, and as such, is designated as tobacco-free.

Policy Statement

It is the policy of Greenville Technical College (GTC) that all students, employees, and visitors are entitled to learn, live, and work in a safe, healthful, and comfortable environment free of tobacco smoke and its well documented impact. Tobacco use has proven negative effects for people in such an environment. This policy and procedure is applicable specifically to the Center for Manufacturing Innovation Campus.

Scope

Tobacco use is prohibited in all locations/areas at all times. Tobacco products are defined as any product made of tobacco including but not limited to cigarettes, cigars, cigarillos, pipes, bidis, all chewing tobacco products, and electronic cigarettes, cigars, or related products. Smoking is defined as burning or other use of any of the above listed products.

Roles/Responsibilities

All employees should encourage compliance whenever possible. The GTC Department of Public Safety has sole authority to fine individuals for violations of this policy as outlined in the associated procedures.

Non-Compliance

Failure to comply with/follow this policy may result in disciplinary action up to and including dismissal.
