

How to Use the Course Schedule

Filter the list by clicking on any of the options at the top:

All Sections | Barton | Brashier | Benson | Northwest | McKinney | SCTAC | Center for Manufacturing Innovation
 Online | Evening | Weekend | Mid-semester | Blended | First-half | Second-half

Understanding the chart:

Section	Title	Hours	Method of Instruction	Begin - End Times	Days	Start Date	End Date	Last Date to Drop	Last Date to Withdraw	Building	Room	Location	Faculty	Max	Enr	W/L
ABR-102-M01	Mig Welding	3.00	L-L	09:00AM - 02:40PM	MTWR	01-09-17	02-01-17	01-10-17	01-25-17	801	304	Regional Auto Ctr for Excellence	Mays, Eden	16	15	0

Section
designates course name and section number.

Hours
indicates the credits received upon successful completion.

Method of Instruction
LEC - Lecture
LAB - Laboratory
L-L - Lecture/lab
INT - Online
EXAM - date and location of final exam
COO - Co-op

Times and Days
indicate the class times and meeting days (T=Tuesday, R=Thursday).

Start and End Dates
indicate the first day of class and last day of class for the term.

Class location
designates the building, room and campus where the class will be held.

Max – maximum enrollment for the class
Enr – number currently enrolled
W/L – number currently on the waitlist

Last Date to Drop
to ensure class does not appear on a transcript, does not count as an attempt on a class, and grants a 100% refund of tuition. **From Start Date to Last Date to Drop is the Add/Drop period for the class.**

Last Date to Withdraw
- Must withdraw by this date to avoid grade penalty. Course will appear on transcript as a "W" grade. **After this date** course will appear as an "F"; counts as an attempt on the class; tuition fees are nonrefundable.

Greenville Technical College reserves the right to cancel classes and change course location, times, dates and instructors when necessary.
