Certified Paramedics – Complete your associate degree!
Investing in higher education could mean more opportunity as you advance your career in emergency care.

You will receive valuable instruction in “soft” skills such as communication and management as you work toward earning your associate degree in Emergency Medical Technology.

Required courses

Sharpen your professional skills, with training that includes

- Simulation-based education.
- Evidence-based medicine.

Only National Registry Paramedics are eligible to enroll in this new program, which builds on your current skills, so your certification and experience count. Day or evening classes, and some online or in blended formats, for scheduling flexibility for the working adult.

Greenville Technical College provides equal opportunity and affirmative action in education and employment for all qualified persons regardless of race, color, religion, sex, national origin, age, disability, sexual orientation, or veteran status.
