NOTICE OF INTENT TO SOLE SOURCE

Intent:

Greenville Technical College (GTC) intends to sole source the procurement of services from Precision Sidewalk Safety to perform the horizontal cutting of changes in level of campus sidewalks. Sidewalk repairs of trip hazards that are due to root intrusion are to be completed. Hazards from ¼" to 1" would be removed utilizing horizontal cutting of changes in level of campus sidewalks to provide a smooth walking surface.

Precision Sidewalk Safety uses proprietary and patented technology that captures the required features as a sole source procurement under the provisions of Section 11-35-1560 of the South Carolina Code of Laws and Section 19-445-2105 of the South Carolina Code of Regulations.

Determination:

Precision Sidewalk Safety is the sole source provider for this unique and patented process to level uneven sidewalk panels to remove hazardous offsets using a precise and smooth cut.

GTC will accept responses from vendors that will use OSHA approved equipment as well as meet and exceed the required work to provide sidewalk leveling services that can level the walks to within ¼" and are Americans with Disabilities Act (ADA) compliant. Precision Sidewalk Safety aligns with requirements of ADA to ensure that the work is done to minimize liability and improve safety and aesthetics within the college campus/community.

The college has therefore determined that Precision Sidewalk Safety is the only source for this patented sidewalk leveling system and seeks to enter into a contract with Precision Sidewalk Safety under a sole source determination.

Company Specifics:

Precision Sidewalk Safety Corp
1202 SW 17th St, Suite 201-122
Ocala, FL 34471
